

UNIVERSITÄT  
BAYREUTH

FAMILIE IN DER  
HOCHSCHULE

The University of Bayreuth is a research-oriented university with internationally competitive, interdisciplinary focus areas in research and teaching. The Faculty of Mathematics, Physics & Computer Science at the University of Bayreuth is currently seeking to appoint a

## Junior Professor of Cybersecurity (salary grade: W1) with tenure track to W3

to commence as soon as possible as a fixed-term civil service position.

The successful applicant will be expected to represent research and teaching in the area of cybersecurity. The call is in the broad area of cybersecurity, with sub-areas such as cryptography, digital forensics, privacy, security of software systems and data, security of embedded, mobile and/or networked systems, and usable privacy and security. Filling this professorship is intended to further strengthen cooperation in research and teaching within computer science and with other disciplines.

We are looking for an early-career scholar with the ability to work independently and a high degree of development potential. You have completed your doctorate with above-average success and are internationally visible in the field of cybersecurity, as evidenced by publications in recognized journals or conference contributions. The willingness and ability to attract external funding must be evident. You also possess the potential for outstanding teaching achievements in the field of cybersecurity.

The incumbent will be involved in teaching in undergraduate computer science programmes as well as cooperative computer science programmes. An active contribution to academic self-governance is expected.

The ability to teach in German and English is expected.

In addition to the general legal requirements, prerequisites for this position are a university degree, proven excellence in teaching, and the ability to carry out scholarly research (generally demonstrated by the quality of the applicant's doctoral research). Since the completion of the doctorate (date of the doctoral certificate) no more than four years should have passed. The requirements given in the university's **Bayreuth Track Regulations** also apply.

The complete vacancy notice including further information on the formal employment requirements can be found at [www.uni-bayreuth.de](http://www.uni-bayreuth.de).

Applications (CV, outlining education and academic career, list of publications, list of courses taught, experience obtaining external funding, as well as copies of diplomas and certificates) are to be submitted to the Dean of the Faculty of Mathematics, Physics & Computer Science, Prof. Dr. Ulm, electronically via <https://uni-bayreuth.berufungsportal.de> by **30 September 2023**. Applicants are welcome to direct questions and requests for further information to the Dean at [dekanat.mpi@uni-bayreuth.de](mailto:dekanat.mpi@uni-bayreuth.de). Application documents will be permanently disposed of in accordance with data protection law.
